### **Bridal Service Packages**

We offer complete bridal service packages for our bride and her wedding party. Our services include a consultation to determine the type of hairstyle you are looking for. This includes placement of your veil, head piece, and any other special piece you would like in your hair. (\* Long or thick hair may require an additional charge. This will be determined during your consultation. Charge for long or thick hair is \$40 extra per half hour added to the service.\*). This consultation also includes a practice run on your make up, if you have purchased the make-up application with your bridal package.

Our staff will work closely with the bride to arrange proper times and dates to achieve the services needed for your big day. In order to accommodate your needs for this very special day, we suggest you begin planning for your hair/ make-up services several months before your wedding day. Our services are often booked quite far in advance and it is best for you to finalize your service needs early on your planning process to ensure you are getting everything you need when your big day arrives.
